On the boat they met two young men, with whom they entered into a firtation. One of them gave his name as Frank Hampden, and he and Jennie entered into an agreement to correspond with each other on her return, home, where she was going the next day.

After getting back to Cheater she received and answered a number of letters, signed "Frank Hampden," and finally received one urging her to come to this city and meet him senied agreed to do so, and on Monday, Sept. 11, at the appointed hour, she reached a hotel on Sixth arenue, where she was to meet her torrespondent.

Inspector Steers Has the Box and Detectives Are

Out.

A small, compact box is the object of a great deal of curious but very respectful attention in Chief Inspector Steers's office at Police Readquarters to-day.

It has some peculiar mechanism inside, and though the box is no larger than an ordinary cigar-box nobody cares to fool with it or its contents.

The box was received at the Windsor Hotel Wednesdry evening addressed to His Rx. Cellency Gox, Roswell P. Flower, and it was calculated that when he opened the box ry would blow it minto eternity.

Fortunntely for the Governor a warn any pnekage that might be addressed to him. This letter was postmarked at Post-Office station of First of the Contents.

# OVERRUN BY BRIGANDS.

Frightful State of Affa'rs Reported by Consuls in Sicily.

LONDON, Sept. 17.-The British Consul at Palermo, in his report to the Foreign Office, says the whole Island of Sicily is injested with bands of robbers who capture large anded proprietors and rich merchants and hide them in caves in the mountains until they are ransomed.

Farmers are plundered of horses and cattle, while peasants who are suspected of being informers are persecuted, tortured or murdered outright. Great landowners living within four miles of Palermo are afraid to remain on their estates unless they are surrounded by private mounted guards.

The band led by a brigand named Samauw which when released would fall upon a bunch in the island. The outrages perpetrated by
